NEVER HAD IT SO GOOD—Mayor Charlie Farrell's five puppies went strolling Monday morning and found unexpected luxury. Mr. and Mrs. C. Ron Ellis took the pups into their home, gave them a quart of milk, two cans of milk and nine t-bone steak bones, and Mrs. Ellis had just gone down town for three cans of dog food when a caretaker at the Racquet Club came along the road looking for the pups.

ELLIS FAMILY ADOPTED BY FIVE FRISKY PUPS

Mayor Farrell's Spaniels Take a Walk, Find Steak Bones, Milk and Red Meat as Reward

It was "liter-ally" raining cats and dogs Monday morning at the C. Ronald Ellis residence, 291 East Cabrillo road.

A litter of water spaniel puppies, five in all, were discovered walking down the road by Ellis' daughter, Ann, shortly after 7 a. m. and the Ellises took them into their home to care for them until the owner was notified.

About 11 a. m., the Ellises heard a man trying to call the dogs by whistling while driving down the road, and went outside. He asked them, "Have you seen six puppies?" Ellis answered, "No, but we have five of them." He then told the Ellises that the owner was looking for them and he'd notify him where they could be found.

TEN MINUTES LATER Marge Pohl, publicity director for the Racquet Club, claimed the dogs, saying that they belonged to Mayor Charles Farrell, and a search had been made throughout the town since they were first noticed gone early in the morning.

The dogs had been locked in the patio, and the gate had been left open, she said. Five escaped but one remained on the home grounds.

The dogs were well cared for by Mr. and Mrs. Ellis. For a starter, they were given a quart of milk, two cans of milk and nine t-bone steak bones, and then Mrs. Ellis went downtown to get three cans of dog food.

NOT ONLY FOOD but care was given the puppies. "I didn't get a thing done while they were here," Mrs. Ellis said. "It seems lonesome now that they're gone."

This is the second time that the Ellises have been benefactors to pets of the mayor.

Last summer, shortly after the

GOP Council

To Meet Oct. 9 at El Paseo

Palm Springs Republican Women's Council will meet October 9 at El Paseo theater building, Mrs. Edward A. Banning, vice-president announced.

She said that Admiral Leslie E. Gehres, outstanding speaker from San Diego, will address the gathering.

The meeting has been set for 8 p. m., and a large attendance is expected.

SKY WATCHERS SPOT PEEPING TOM

Volunteer watchers at the Observation Post in the Car-nell Building went on double duty Saturday.

Besides conducting their usual watch for airplanes, personnel there reported to police at 8:33 p. m. that "a man was looking in the window of a lighted apartment in the building."

They called the station again a few minutes later to report that the man evidently heard them as he ran down the stairs. Police investigated but could not locate the subject.

HAVING BEEN sufficiently reminded that at 2 a. m. September 28, which is next Sunday, Daylight time ends, would add another bit of advice. . . . Many jewelers have told me never to turn a watch or clock backwards. . . . Seems it isn't good for it. . . . They advise turning

See THIS SIDE, Page 3

Short Western Week Event Planned

Open House Golf Tourney at Tamarisk

October 4 and 5 Set as Dates for All-Desert Event

Golfers, those who play the game with total scores in the low 70's and those who never seem to break 100, including those who don't know the difference between a putter and a driver or a green from a fairway, will all be out at the new Tamarisk Country club October 4 and 5.

On those two days according to M. O. Anderson, president of the desert's newest golfing plant, the first annual "Open House Golf Tournament" will be played.

"Everybody is invited to participate," declared Anderson. "Many trophies will be given and there will be no green or entry charges."

Anderson added that groundbreaking ceremonies marking the start of construction of the golf club's new clubhouse will be staged.

"Even if you don't know how to play golf or care nothing about the game, you are invited to visit the Tamarisk Country club October 4 and 5 as guests of the organization," Anderson said in extending the invitation which he said will reach from Palm Springs to all neighboring communities.

THE PROGRAM also provides for a Sunday evening dinner for the club for all of the players in the tournament and their families.

Some of the foremost stars of stage and screen are members of Tamarisk Country club and invitations asking that they attend the two-day get-acquainted "Open House Tournament" have been sent out.

"We expect there will be a few celebrities at the club during the two days of golf play," Russell Denney, managing director of the club, said.

Entry list for all who plan to play will be closed October 2, Denney said, and he urged those who plan to get in on it, to send their names to postoffice box 1118, Palm Springs, or temporary offices of the Tamarisk Country club, 173 East Andreas avenue, Palm Springs.

THE TWO-DAY tournament October 4 and 5 may be the only opportunity that will be afforded non-members to visit the elaborate golfing plant that lays adjacent to the Wonder Palm Hotel," Denney pointed out.

He explained that the club is operated on a membership basis only but the directors felt the two-day open house invitation coupled with a golfing tournament would give residents of desert communities a chance to personally view the magnificent playing facilities at Tamarisk Country club which, when completed, will help make Palm Springs resort area the winter golfing capital of the nation.

Palm Springs Republican Women's Council will meet October 9 at El Paseo theater building, Mrs. Edward A. Banning, vice-president announced.

She said that Admiral Leslie E. Gehres, outstanding speaker from San Diego, will address the gathering.

The meeting has been set for 8 p. m., and a large attendance is expected.

Melba Bennett Suggests 100 Per Cent Vote Here to Bring Nationwide Fame to Village

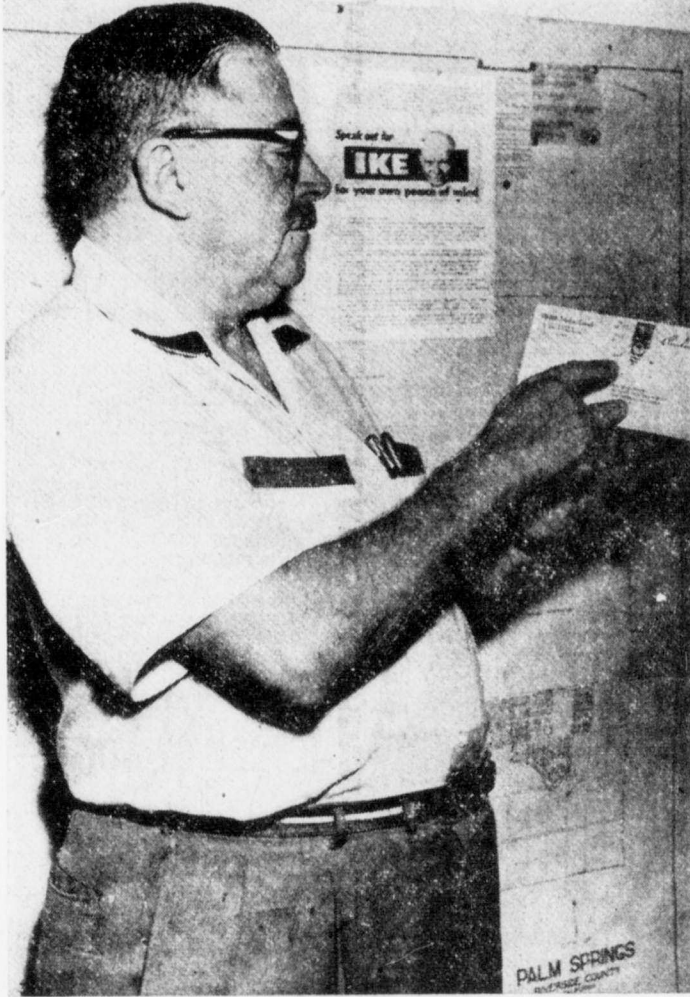

A challenge to citizens of Palm Springs to stage a campaign which would give it nationwide publicity and crash practically every front page in the country, was issued by Mrs. Melba Bennett, well known local Republican leader, this week.

Mrs. Bennett proposes that all organizations here and individuals vote to get out a 100 per cent vote here November 4.

She believes it can be done.

HER LETTER to The Desert Sun, outlining her views, follows:

I want to congratulate the Desert Sun and the News for the example they have set in good citizenship through their publication of the precinct lists in their columns. The amount of space, ink, and time that you have donated to the 14 issues devoted to this campaign were prodigious. I was gratified, and

HERE'S THE PROOF—A. E. Hoover, chairman of the local Eisenhower-Nixon club, points to stamp on letter he received from Dick Nixon in July. He said it was proof of Nixon's contention that he used funds contributed to him by friends for non-personal use and to save tax-payers money. The thousands of letters he sent out were NOT sent under his franking privilege.

DESERT TO OCEAN ROAD TO BE READY OCT. 10

Two-County Celebration Set for Oct 26 at Anza Community Hall; Distance to Beach Cut

Climaxing almost 20 years of promotion and work, the Coachella Valley to Ocean highway will be completed next month and a two-county Fiesta to commemorate the occasion will be held at Anza. The date is tentatively set for October 26.

Preliminary discussion and plans for the celebration were mapped at a meeting at Indio of the Coachella Valley to Ocean highway association Sunday.

SPECIAL GUESTS at the celebration will be supervisors of

Riverside and San Diego counties and Cahulla Indians who aided the project with grants of rights of way across their reservation. A barbecue dinner at Anza Community Hall is on the program.

Clarence Washburn, Indio, secretary of the association, said that A. C. Keith, county road commissioner, predicted completion of the desert to ocean highway by October 10. The final six-mile link between Anza and the Palms to Pines highway was paved this Summer but the steel strike delayed construction of one final bridge over Hamilton Creek.

Washburn said the mileage from Indio to Oceanside via the new road was just under 100 miles. From Palm Springs, it is practically the same. The route leaves Highway 111 at the Palms to Pines junction, then via the Anza cut-off over Highway 395 and to Oceanside or San Diego. Distance to San Diego via 395 is 132 miles.

WASHBURN SAID a trip from the desert to the beach should take just a little more time than a trip to Riverside.

The work was started in the

Phone Survey Results Bared by Chamber

Company Officials Reply with Report of Projects Done

Telephone service questionnaires returned to the Chamber of Commerce by 118 of its members in a survey conducted last November were released this week on order of the directors while at the same time E. R. Fisher, district manager for the California Water and Telephone company, through the company's local manager, W. C. Nash, listed current projects of the utility.

Letters telling of the release of the survey results were sent to the California Water and Telephone company's local office, and the public utilities commission, which conducted a hearing here last January 15.

THE COMMISSION issued its findings last month, reporting in a letter to the Chamber of Commerce that the California Water and Telephone company will have brought its telephone exchange service to a "satisfactory level" by the time the season starts here.

Commenting on the release of the complaints, Fisher and Nash said: "The Telephone company has carefully checked the individual complaints submitted through the local Chamber of Commerce to the public utilities commission. We are fully aware that our service in some cases, was not up to standard. These complaints were analyzed and corrective measures taken, so that as far as we know, the trouble has been cleared."

"AS A PUBLIC UTILITY we regret any cause for complaint and would point out that the list is now quite out of date," the company official continued. "Our energies are now expended on completing the jobs begun this year which will afford relief to existing subscribers and provide additional facilities for newcomers."

Questionnaires were sent out by the Chamber to all members, and of the 118 replying, 100 claimed service was unsatisfactory, and 18 said it was satisfactory.

COMPLAINTS ranged from poor local service to long distance service to the attitude of office employees of the company. Typical complaints follow:

"Have had trouble no end getting local numbers and out-of-town calls are always made with great delay and confusion."

"Long distance service is poor. After you call the operator, they let you hang on the line. So many listings are not in the books. Many times information will not answer."

"Do not always receive long distance calls. Poor service during month of October."

"The changing of phone numbers for a business that is closed during the summer months should certainly be discontinued."

"ALTHOUGH the switchboard operators are most cooperative and efficient, our long distance connections to the west and north have been so poor that in many cases we have been absent."

See SURVEY, Page 5

WESTERN WEEK — Plans for this year's Western Week, October 25 and 26, were announced today by Jimmy Cooper, secretary of Los Compadres, sponsoring organization.

Villagers Wire Faith to Nixon Following Talk

Over 25 Villagers joined thousands of other voters throughout the nation in answering the appeal of Sen. Richard Nixon Wednesday evening to help the Republican National Committee decide whether he should stay on the GOP ticket as vice president.

Senator Nixon gave a complete financial history in a nationwide television and radio broadcast, defending himself against critics who said he should resign.

See NIXON, Page 3

Final Plans to be Mapped This Evening

October 25-26 Set as Dates for Season's Opener

Western Week will be a limited event this year, staged for Villagers and guests in Palm Springs, the board of directors of Los Compadres, sponsoring organization, decided at a meeting Thursday night.

Final plans for the annual celebration will be completed at a meeting of the membership tonight. Dates have been set for Saturday and Sunday, October 25 and 26.

"OUR AIM is to entertain the people who live and work in Palm Springs and those visitors who might be here," commented Jimmy Cooper, secretary. "We're asking for the cooperation of all residents and guests in making it a success by wearing western attire and joining in the spirit of the event."

He explained that the directors decided against a large celebration as it is too early in the season to attract large crowds from Los Angeles and other Southland cities.

PRELIMINARY PLANS call for a Saturday evening dance at the Los Compadres clubhouse, a Sunday noon parade with a Cynkhana and western show following at the Polo Grounds. Several rodeo events are scheduled, and this part of the program may be expanded, Cooper said.

Los Compadres members who will take an active part in the event include Joe Butler, Cliff Campbell, Cooper, Tex Driskell, Bud Hillerman, Bill Moore, Hutch Moseley, Kenny Paul, Elmo Purcell, president; Perry Sanders, Elly Windhurst and Lynn Davidson.

Richard Nixon has brought to the attention of the people of this country as nothing has in years how our national legislators who are not wealthy when elected have to resort to many devices to augment their income—most of which comes out of taxpayers' pockets. Nixon permitted some of his supporters to assist in meeting non-personal expenses. He took what he believed was a fairer method. If the people do not agree with him there is but one conclusion: Honesty doesn't pay.

Any fair-minded person will agree with Nixon's position that there was no moral wrong in accepting this assistance from his supporters as long as none was for his personal use, it was not secret and no special favors were given to the contributors. The California Senator assured his listeners that no contributor has ever received special favors. Indeed, does anyone think the type of men who contributed to this fund would expect special favors or even think they could "buy" a man like Nixon for such sums? Of course not. These contributions were given to Nixon in the same spirit that moved the young wife, whose husband is with the Marines in Korea, to contribute \$10; and the Texans who sent the Nixons a pet dog. They were moved by a desire to help this public official carry on a campaign to save America from the Communists, the crooks and the bunglers.

The whole issue resolves itself into the spirit in which these contributions were made and accepted. That should be clear to every American and he or she should have no further doubts as to the integrity of the people who made the donations and the purposes for which the fund was used.

Richard Nixon very likely has as clean a record as any man in Congress, Democrat or Republican. How many of them would be willing to go before the people and make a complete statement of their income, expenses, assets

(Please Turn to Page Eight)

## Garnet Overpass Bids Opened by Highway Board

Basich Brothers of Garvey have entered the low bid for construction of the Garnet overpass where Indian avenue crosses the Southern Pacific railroad tracks, supervisors said Monday. The low bid, received by the state highway commission, was \$163,194.

County Road Commissioner A. C. Keith said that the bid may

be accepted and the contract awarded within two weeks.

**THE CONTRACTORS** would have a year in which to complete the project. Agitation for construction of the overpass has been continuous for several years. The present crossing over the tracks on Indian avenue is termed extremely dangerous and the state public utility commission had threatened to close it to school buses unless improved. Two sharp right angle turns at each side and a narrow roadway over the high rails make it hazardous.

**THE CROSSING** is on a direct outlet to Highways 60-70-99 from Palm Springs via Indian avenue. Most of the money for the overpass and straightening of Indian avenue will come from the government. The county will contribute about \$20,000 and the railroad company, \$18,000.

## Manager of Date Advisory Board Resigns Position

In a surprise move, Maure Solt, who has been manager of the Date Advisory Board for the past five years, tendered his resignation Tuesday, effective Oct. 1.

However, no action was taken by the directors who said they would meet with him to discuss the reason for his resignation.

In his letter to the board Solt asked to be relieved of his duties as soon as possible after Oct. 1. He has no immediate plans for the future, he said.

Under the Marketing Order the resignation must be approved by A. A. Brock, director of the State Department of Agriculture. He must also approve any successor.

**WHEN QUESTIONED** regarding his decision, Solt said he "felt useless as a manager any more"; that in his opinion the actions the board had taken had not improved the operations for the present season.

"Every other year some progress has been made. This year I must reply to growers' questions as to progress that there has been none," Solt said. He said no action had been taken on his recommendations as to revision of grades due to the Grade Committee, which had to pass on the recommendations, not functioning.

**HE ADDED** that he had not been kept advised as to committee meetings nor requested to attend and could not do an intelligent job when he was not aware of the plans, programs and proposed actions of the board.

"I believe the industry is sick and the board has not faced the facts. I don't think it intends to do anything. I realize it is working on a proposal to the government but I have not been kept advised," he added. Solt said that although he had asked since 1948 for the establishment of policies for his operation as a manager, this had not been done.

"Yet members have been free to criticize," he added.

**PROGRESS AT OASIS**—Building at left center above will be the new dining room and lounge of Oasis Hotel now under construction at site of famed old Hotel the Oasis, among the Village's earliest hostilities.

## Construction on Oasis Hotel Building Now on Schedule

Construction work on the new Oasis hotel and Oasis business office building is progressing according to schedule, Dewey W. Metzdorf, vice president of Western Hotels, owners and builders, said this week.

The three-story business building, located on the corner of Tahquitz and Palm Canyon, was slowed in construction the past two months because of hot weather.

**COMBINATION** of steel beams and studdings, reinforced concrete, native stone and Gunite (a cement which is forced into forms under high pressure), make the building an engineering spectacle. Basement of the office building contains 2880 square feet. On Belardo road the hotel proper is taking form with construction of the new dining room and cocktail lounge well under way. Metzdorf announced that the dining room will be ready to serve a Thanksgiving dinner, with the hotel rooms ready for occupancy by December.

**MULTNOMAH** Operating Company of Seattle has the contract for the new block. The \$2,500,000 project, which will be nearer three million by the end of 1953, according to reports, is one of the outstanding developments in the Village.

Muriel E. Fulton, realtor, exclusive agent for the rental of the office building space, said that several professional men have leased space on the upper floor, and a drug store has completed negotiations for the corner store, but office and store space is still available.

Board members are Mrs. Earl Coffman, president; Mrs. G. K. Sanborn, vice president; Mrs. B. H. Pollak, secretary; Annette Freeman, treasurer; Mrs. George Ripley, corresponding secretary; Mrs. F. A. Purcell, Mrs. A. E. Bailey, Mrs. Newton Hotchkiss and Mrs. Willard Gibbs.

Although the board is inactive during the summer, it has been provided several times as in the case of burned-out families.

**JUVENILE HALL** Open for Public Tours

F. J. Hart, superintendent of Juvenile Hall at Arlington, near Riverside, said Tuesday that it had been decided to open Juvenile Hall Mondays through Fridays from 2 to 4 p.m. and from 7 to 8 p.m. for tours of interested parties.

The action was taken, he said, to acquaint people with the present Juvenile Hall in view of the bond proposition to build a new one.

## Wife of Orchid Wrestler Wins Divorce Decree

Elizabeth George was granted an interlocutory decree of divorce from Gorgeous George yesterday as she charged her famed wrestler husband with extreme mental cruelty causing her "grievous mental suffering."

The brown-haired, attractive Mrs. George was granted custody of their two children, Carol Sue, 7, and Donald, 6, and was awarded \$100 a week for the support of herself as well as the two children.

Gorgeous George is a frequent visitor here and his turkeys have featured many a local dinner.

**MRS. GEORGE** also was granted exclusive occupancy of the George residence located on the wrestler's 198-acre turkey ranch at Cherry Valley.

Her husband — sometimes known as "the human orchid" — also had to part with one of the family's two cars — a Packard convertible — and had to pay a \$2500 fee to Mrs. George's attorney, Frederick Wing of Banning.

The divorce came just as George — who had his name legally changed from George Wagner to Gorgeous George some time ago — was about to leave on a world tour.

**IN HER BRIEF** appearance before Judge Morton at 8:30 a.m. Tuesday — six minutes after the complaint was filed here — Mrs. George charged that it was trips like that that prompted her complaint.

She charged that her wrestler

**From Page One—MORE ABOUT PUPPIES**

Racquet Club had closed for the season, a mother cat adopted the Ellis family. She had two kittens while there, and seemed perfectly happy.

The Ellis' went to Los Angeles for three days, and arranged with neighbors to feed the animals, but when they returned all were missing.

**THEY CHECKED** around the neighborhood and finally decided to inquire at the Racquet Club, as they knew that the cat had originally come from there and had been placed in the care of one of the employees during the summer months.

There the three animals were, happy in their old home, de-serters in their new owners.

After these two experiences, Ellis is toying with the idea of sending Mayor Farrell a bill — food and lodging for his pets, plus treatment for a few scratches and bites.

# Chest Drive Committee Starts Plans

Meet Tomorrow to Discuss New Set Up This Year

Decision on the proposal to conduct the Community Chest fund drive under the United Fund Campaign is expected to be reached at a luncheon meeting of the board of directors and representatives of participating agencies at the American Legion hall Friday noon.

Harry Harper, former Villager who was active in civic affairs and who is now Riverside county campaign manager for the United Fund, will appear at the meeting to give full details of the organization's activities.

**DIRECTORS** considered the proposal at a meeting last Friday morning at the Coachella Valley Savings and Loan Association, but deferred action until further information was secured and more directors and representatives of participating agencies were in attendance.

The United Fund Campaign is a national organization which conducts a unified drive in communities for all agencies which make direct contribution appeals. Only one drive is made, covering contributions to charitable organizations for the entire year, according to W. H. Smith, Community Chest president.

**PARTICIPATING** agencies in other communities are the Red Cross, Cancer and Heart fund organizations, Crippled Children, March of Dimes, USO and defense organizations, Salvation Army, and all others who make direct contribution appeals, he said.

Budget for the 1953 Community Chest drive will be in excess of \$40,000, Smith reported. Last year contributions totaled \$34,648 for the six participating agencies, Boys Club, Desert Museum, Boy Scouts, Girl Scouts, Youth Center and Welfare and Friendly Aid Society.

**A BUDGET COMMITTEE** named at the meeting by Smith has Newton Hotchkiss, treasurer and past president, as chairman. Members are Mrs. Charles Mathews, Rex Hardy, Robert McKenzie, Joseph Gamble and Smith.

The group accepted the audit for the 1952 fund drive as presented by Florian Boyd.

It is expected that the drive for 1953, if conducted separate from United Fund, will be held in October, although no definite date has been set by the board.

Robert McKenzie, vice president, has been named campaign chairman, with other members of the committee to be announced later.

**DIRECTORS PRESENT** at the meeting were Smith, Hotchkiss, Lloyd Mason Smith, secretary; Mrs. Stanley Rosin, Mrs. Charles Mathews, Mrs. Arthur Hoff, Rex Hardy and Joseph Gamble. Mrs. Earl Coffman also was present, representing the Welfare and Friendly Aid Society. Lloyd Mason Smith represents the Desert Museum.

Other directors are Arthur Bailey, Earl Hough, Charles McGann, Robert McKenzie and

## From Page One—MORE ABOUT NIXON

sign because of supporters donating over \$18,000 to help defray office expenses.

**THE LOCAL** Western Union office was closed during and after the broadcast, but officials there reported that over 25 telegrams were sent Wednesday morning, and calls are continuing to be received.

Many Villagers, because the W.U. office was closed, dialed Long Distance and had their messages sent from other offices.

**TYPICAL** of the telegrams was the following from George K. Zain, who released the contents for publication:

"If you, Richard Nixon, having bent over backwards to be honest with yourself, the government, the taxpayers and the Nation and who for two years have devoted your full time to your Senatorial job and good government, if you are not upheld by the people of this Nation as regards this fund in question which has never been a secret and for two years has been open and above board, then it is a direct indictment by the people that honesty is not the best policy and is a vote instead by the people for those in high office without personal income to yield to temptation and obtain necessary expense money on the side through unethical and unscrupulous methods. My faith in the American people is against their doing this latter or for their voting only for those who have large personal income for public office.

"I would like to know why it is moral and legal for people to contribute during the time of elections and why it is unlawful or immoral to continue their help in contributions for expenses after an election is over to insure honesty in government and keep Public Officials from being tempted in wrong directions.

"Troublesome as all this has been for you, nevertheless take heart, have faith in God as only good can come out of it for you and others throughout the Nation like you because your motives and ethics were pure and your honesty and integrity is beyond and above question.

"God Bless you and keep you in America's fight for freedom from Communism and clean honest government for us all with Dwight Eisenhower and you at the helm."

## From Page One—MORE ABOUT DESERT

1930's at the San Diego county end, interrupted by World War II and pushed to completion in recent years.

Major improvements in San Diego county will make the trip to the south coast beaches even easier and faster, it was reported at Indio Sunday.

Herman Reich, representatives of participating agencies, in addition to Mrs. Coffman, are Mrs. Frances Crocker, Girl Scouts; Mrs. Harold Hicks, Youth Center; Lee Kalbach, Boy Scouts; and Carl Lykken, Boy Scouts.

### Parents of Boy

Mr. and Mrs. Robert Kerr, Orchard Trailer Park, are the parents of a 7-pound boy, born at 8:23 a.m., Monday, September 22, at Desert Hospital.

## From Page One—MORE ABOUT THIS SIDE OF THE SUN

your watch or clock ahead 11 hours. The end result will be the same. Why you shouldn't turn it back, I wouldn't know. But, probably you won't be doing anything for a while Saturday night waiting for your wife and/or girl friend to get ready to go out. Might as well spend the time getting rid of 11 hours as fuming.

**MRS. PERCY WHITESIDE**, wife of P.M.W. of The Printery (Adv.)

took me apart this week. Said we'd been running stories about the Village's only "Flying Grandmother" . . . Mrs. Zaddie Bunker. And that she, the grandmother of three fine grandchildren, had been a licensed pilot for years. . . Sorry. . . But people should tell me these things. . . And now I suppose some more flying grandmothers will be calling me up and then down. . . Those sky watchers

who spotted a Peeping Tom the other night from their vantage point said he took off as if jet-propelled when discovered.

**FOR A WHILE** I read and heard the word "terrific" several times daily and became very tired of it. . . Now, it's "fabulous" . . . Everything seems to be that these days if a bit out of the ordinary. . . Looked it up in Mr. Webster's work and found out that "fabulous" is defined as meaning: "fictitious, mythical" and Messrs. Funk and Wagnalls use those same two words but add: "incredible, false" . . . Which reminds me

of a story City Clerk Louise McCann used to tell about the college prof who told his students: "There are two words I never want to hear in my lecture hall; one is 'lously' and the other 'swell.'" "What are the two words, Professor?" a sweet young thing asked.

**POP GORHAM**, postmaster, has a complaint. . . It's about these people who want a Palm Springs postmark on their letters and packages because of the Village's fame. . . So they buy their stamps elsewhere and ship in big packages of mail to be sent out from here. . .

Meaning lots of extra work for the local post office staff but no credit. . . A post office isn't classified by the work it does but by the stamps it sells. . . Was startled Sunday to hear an impassioned plea for registration on two or three programs. . . "You can't vote unless you're registered!" was the reminder. . . Since registration closed two weeks ago was puzzled. . . Mrs. G. set me straight. . . "You know, the programs you are listening to are coast to coast and other states may have later registration deadlines." . . . So I placed the telephone back in

## The Desert Sun—3 PALM SPRINGS, CALIFORNIA Thursday, September 25, 1952

its cradle, didn't call KCMJ and went about my own business.

**NEXT WEEW** is Newspaper Week. . . October 1 to October 8. . . Gov. Earl Warren has proclaimed it so. . . President Truman also will. . . With his tongue in his cheek, probably. . . With an eye, apparently, on a newspaperman's ultimate destination. . . The week following is Fire Prevention week.

## Colleges Call Young Villagers

There's an exodus of young people from Palm Springs these days as colleges and universities open their doors for the new year.

Among last year's graduates from Palm Springs high school and the colleges, they plan to attend are Jim Hicks, last year's student body president, Stanford; Gene Thompson, Stanford; Peter Outcault, U. of Arizona; John Sanborn, U. of New Mexico; Joanne and Don Baker, U.S.C. Returning to college this year, Ben Chaffey, John Chaffey, Bea Bailey, Mary Pender, Thomas Barker, Ed Griffing, Janet Jaynes and Marcia Kenaston go to Stanford; Frank Purcell, Sandra Cordrey and Gillar Boyd to U.S.C.; Adele Woods, Chuck Bond, Betty Wright, to U.C.L.A.; Bill Hotchkiss to California Polytechnic.

## Postpone Meeting of Eastern Star

Meeting of Palm Springs chapter, Order of Eastern Star, scheduled for last Thursday night was cancelled when it was discovered the Masonic Temple, site of the proposed session, would not be ready in time.

The Temple has recently been moved from Tachevah to Ramon road. It will be ready for the next scheduled meeting, Josephine McCauley, worthy Matron, said.

Shoppers wise read the advertisements in The Sun.

## Season Begun by Delphian Society Here

Newly organized Delphian Society held its first meeting of this season Wednesday morning in the Parish House of St. Paul's Episcopal church, with Mrs. Kate Henderson, seminar board chairman, having charge of the program.

Participating as discussion leaders were Mrs. Lolita Waller, Mrs. Barbara Foster, Mrs. Janice Bogert, Mrs. Betty Strebe and Mrs. Reba Mason.

Following the Seminar, a short business meeting was conducted by the president, Mrs. Rosalie Crocker.

## Miss Finchey to Address Soroptimists

Katherine Finchey, who was a delegate to the National Soroptimist convention at Washington, D.C., and the international conference at Copenhagen, Denmark, will tell Soroptimists here of her trip at their luncheon meeting at 12:15 p.m. Tuesday, at the American Legion club house.

A business meeting will follow the luncheon.

The first meeting of the season was held Tuesday noon at the club house, with Mrs. Esther Weingarten, president, presiding.

## Browns Host to L. A. Friends

George and Kathryn Brown who recently returned from an eight week tour of western U.S. and Canada, are entertaining Mr. and Mrs. Alexander H. Smith as their house guest at La Serena, which the Browns own and operate.

Smith is a vice president of the California Bank and one of the top amateur golfers of Los Angeles.

## Youngsters Gone

It's rather lonesome, according to Jules DeVerzon.

He said he and his wife were having trouble in getting accustomed to the atmosphere in their home this season with son Barry at Pasadena College and daughter, Barbara, at UCLA.

They may be left with Betty Billington at the Plaza Stationery store.

The next regular meeting of the Unit will be Tuesday, October 7.

IT'S SO NICE TO BE HOME—This was the fervent declaration made by George Beebe, Village businessman and home owner who with his wife, just returned from a three months tour of Europe and a stay in Paris where the couple spent six days at the airport in that city waiting for passenger space back to this country. Pictured above are left to right, Edward Ellis, son-in-law, Mrs. Clarice Ellis, daughter, Mrs. George Beebe holding Matthew Reece, 5-month-old grandchild and Grandfather George Beebe.

## Jewelry, Clothes Valued at \$1342 Lost to Burglar

Jewelry and clothing valued at \$1342.45 were taken from a local hotel bungalow of Jean Sorensen, of Glendale, while she was downtown between 2:30 and 9:30 p.m., Monday.

Included among the items taken were a wrist watch, gold earrings, gold necklace and matching bracelet, a diamond dinner ring, two dresses and a pair of shoes.

Miss Sorensen, after returning at 9:30 p.m., found the bungalow door open and the articles missing, officers reported.

## Sonny Tufts

Wife Testifies in Divorce Suit

Bowen C. (Sonny) Tufts, screen actor well known in Village night spot circles as a frequent visitor here, was charged by his wife, Mrs. Barbara Lorayne Tufts, as having shown a complete disregard for her and her friends and to have humiliated her constantly.

Mrs. Tufts testified this week

## C. of C. Directors Hear Report on Summer's Work

Improvements in the Chamber of Commerce office made during the summer months were reported to directors at their first meeting of the season.

Physical arrangements of the Chamber have been changed by removal of partitions, providing a new office for Manager Bill Dunkerley and department heads which are more accessible to the public.

A visitors' self-service desk has been placed in the foyer of the Chamber office, which permits visitors seeking accommodations to actually select hotels and apartments of their own choice. A free telephone has been installed by the Hotel Division for the purpose of better serving visitors seeking accommodations.

Directors approved the new in Santa Monica superior court in her divorce suit from the actor. She said Tufts had failed to provide support for her since their separation more than a year ago.

She also charged that "his drinking had become intolerable during the past few years."

## It Was Fun While it Lasted, Anyway

It was fun while it lasted. Officers, receiving reports that someone was shooting firecrackers in the vicinity of Andreas road, went there and confiscated the firecrackers.

city agreement for the fiscal year 1952-53.

## Steady Increase in Enrollment at Schools Shown

Enrollment in schools in the Palm Springs Unified School District after the second week of school shows an increase of 43 students over last week, and an increase of 54 pupils over the same time last year.

There are now 1448 students enrolled, 1081 in the elementary schools and 367 in high school, Dr. Arthur G. Hoff, superintendent, reported.

The increase over last year includes 39 more in the elementary schools, and 15 in high school. Largest increase in the past week was in the high school enrollment, when 19 more students started attending classes.

Present enrollment by schools follows:

Cahuilla 228, Cathedral City 149, Desert Hot Springs 76, Katherine Finchey 195, Frances Stevens 219, Thousand Palms 9, Nellie Coffman 205, and high school 367.

From where I sit ... by Joe Marsh

## No Longer Two Sides to This Question!

Ever seen those two-family houses they have in some places—with separate front doors and porches—side by side? My sister owns half of one and lives in it, near Philadelphia.

Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect—but for years neither family ever thought of suggesting that they both decide on a common shade.

Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint,"

she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both sides."

From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

Joe Marsh

# PHONE SURVEY RESULTS

lutely unable to understand the other party. Recent call from Minneapolis, however, was perfectly clear.

"I am a subscriber in eight different exchanges, I have come to the conclusion that the manager is the big problem. Where he is good the service is good. The treatment the public gets in Palm Springs is very poor. We can make allowances for some things, knowing the equipment is faulty or inadequate, but kind considerate treatment is expect-

ed of the personnel at all times. Palm Springs should have as good service as any other place."

"MOST TROUBLE is not getting 'time and charge' soon enough or at all."

"Mrs. . . . put the nickel in before dialing. It was all the money she had with her and operator said very sorry, there is no way of returning coin." She had to walk home. It's happened to our court guests dozens of times. It's deplorable."

"Five years in putting in a 1-party line. May, 1950. Too slow in putting in new installations. Think they are doing you a favor by installing a phone, not realizing that they get well paid for their services."

"MINIMUM CHARGES on switchboards and trunk lines when hotels are closed during the summer are extremely excessive."

"Our pay station is obsolete and old fashioned. Many guests have complained of the losses of many nickels put in the wrong slot."

"Personnel excellent. Equipment is sadly lacking. Trunks

fed up locally and long distance."

"This past weekend it would take 5 to 10 minutes to be connected with the long distance operator."

"WHILE WE DO not have many rainy days in Palm Springs, when we do have them we are without telephone service."

"From 1948 until now, interception service is terrible. Always tell you can't get equipment."

"Attitude of office employees worst I've ever encountered (not service department)."

COMMISSION REPORT refuted

the overload complaints saying "records maintained by both companies, California Water and Telephone and the Pacific Telephone, show very few instances of overload, and then only during the busiest hours."

"Transmission tests on the circuits between Palm Springs and San Bernardino show the transmission to be well above minimum standards."

The commission asked that further information be given as to the quality of telephone service when the season resumes this fall.

either completed or under way as part of the current \$300,000 construction program, listed by Fisher and Nash, were as follows:

A crew of men has been at work during the entire Summer installing the new equipment, but the company has been and still is hampered by the difficulty in obtaining such vital equipment as lead cable, and central office equipment.

direct; additional dial equipment placed in Palm Springs central office; new pay stations to be installed in December.

Installation of new underground conduit, and the placing of cable in the Las Palmas Estates, to be completed about November 1; new cable placed in all areas north of the Telephone office, completed about November 15; new underground conduit on Indian avenue to Ramon road, placed at the time Indian avenue was paved last spring.

**The Desert Sun—5**  
PALM SPRINGS, CALIFORNIA  
Thursday, September 25, 1952

rage, providing service to all the new homes being built in Thunderbird area; new cable being placed to Tahquitz River Estates and other south Palm Springs areas.

"These are all part of a continuing program for the improvement of telephone service in Palm Springs," Fisher and Nash stated. In addition to the above, over 700 new stations were added in the Village in the last year.

## Flood Control Rights of Way Given by Tribe

Tahquitz Channel  
and Other Local  
Projects Speeded

Rights of way for flood control channels and other necessary flood protection work was granted Tuesday by the Agua Caliente Indians to the Riverside County Flood Control district covering most of the area in and around Palm Springs.

These rights of way requested by the engineers of the district are located in Sections 22 and 24, T4S, R4E and Sections 20, 28, 30

and 34 of T4S, R5E.

**THIS WILL PERMIT** flood control engineers to proceed immediately with flood protection work on Tahquitz Channel and Palm Canyon to Whitewater drainage alignment. No specific rights of way were requested in Section 14 or in Section 35 until further studies are made by county flood control engineers to determine their exact needs.

The Agua Caliente Tribe voted in their election March 25, and subsequently reiterated in Tribal Council Resolution number 111 dated April 1, to grant the rights of way requested with the express understanding that the county Flood Control district will improve and maintain the flood channel and appurtenances without any cost whatsoever to the Indian land owners, Indian tribe, or the lands affected as long as they remain under Indian control.

**THE RAIN** of last weekend pointed up the need for a speedy solution to the Tachevah channel flood runoff problem as many homes and roads were damaged because this work had not been done although the proposed channel has been staked out and left open for flood protection use as soon as the county flood control crews can do the work, the Tribal Council said.

## Decide Route for Freeway in Banning

Plans for future construction of a Freeway through Banning, serving Highways 60-70-99 were approved by the state highway commission in San Francisco last week and construction on the project will start as soon as funds are available. The proposed two and three-quarter mile Freeway will cost about \$3,400,000, including purchase of rights of way.

Banning city council's recommendation that Livingstone street be the route of the Freeway was approved by the commission. No hearing will be held on the route as it already has the city's approval.

**THE FREEWAY** will eliminate one of the few remaining bottlenecks on the highway from Palm Springs to Los Angeles.

As it has been designated as a Freeway, traffic entering or leaving as well as local cross traffic, will use interchanges and separation structures avoiding conflict with through traffic.

It will be initially constructed as a four-lane divided highway but sufficient rights of way will be acquired to add an additional lane either way.

**THE NEW ROAD** will leave the present four-lane road at the eastern limits of Banning, swing south to Livingstone, 300 feet south of the present highway route on Ramsey street, and at the west limits swing north to rejoin the four-lane road. There will be interchanges at each end and grade separation structures at three points through the city.

More than 13,000 vehicles use the route daily with the average being higher on weekends. One in seven vehicles is a truck.

Decision by the highway commission on the Freeway route ends nine years of negotiations with Banning and agitation by Palm Springs officials and those of other desert communities to eliminate the bottleneck.

### Two 'Wet' Mexicans Taken from Bus

Two "Wet Mexicans" were taken off the Greyhound bus at 2:20 a.m. Tuesday, by Officers James Clarkson and Robert White, and are being held in custody here for Border Patrol officers.

(Desert Sun Photo)

**CHILD HEALTH CLINIC**—More than 50 children of pre-school age were at the first clinic held at the Health Center this season. Monthly clinics will be held throughout the fall and winter months. Pictured being examined by Dr. Mildred Van Clive G. the Riverside county health department is Beatrice Harvey, with her mother, Mrs. Merlean Harvey and two sisters, Doris (seated) and Beverly. The Harveys live at 697 Beech road. Mrs. Marjorie Caylor, public health nurse for this area, assisted Dr. Van Clive with the examinations.

## PALM VALLEY SCHOOL TO OPEN FOR FIRST SEASON NEAR CITY ON OCT. 6

Palm Valley School, new private day school, will start classes for grades seven through 12 on October 6, fulfilling the desire of many Villagers who have long advocated the establishment of private school facilities here.

School facilities are located on property known as the Marsden Foundation or the Raymond Cree ranch, in one of the most beautiful settings in the Palm Springs area.

**CO-EDUCATIONAL** classes will be instructed by a faculty of well-known and thoroughly experienced teachers, according to Professor J. Blake Field, owner and director.

"Small classes with an unusual amount of individual attention will feature the scholastic program," Professor Field said. "Special emphasis will be placed on fundamental subjects as English, mathematics, languages, science and history."

**INTENSIVE** preparation will be given for all colleges, and students whose grades are satisfactory will have no difficulty in being admitted to the university of their choice," the director added. "College board examinations will be taken by all members of the eleventh and twelfth grades who plan to enter college," he said.

"Faculty of the Palm Valley School will consist of an unusual group of educators long experienced in the teaching profession; men noted not only for their knowledge of the subjects they will teach but also for their ability to impart them to others. Students will be taught how to study as well as what to study," continued Professor Field. "Strict supervision will be maintained at all times, both during the morning study periods and in the afternoon athletic period."

**PROFESSOR FIELD**, graduate of Harvard, has had 26 years of experience in directing private schools. He was owner-director of the Mesa Ranch school of Mesa, Arizona for 13 years, and also owned and directed the Judson School for Boys at Phoenix and the Jokake School for Girls. He also served as secretary-treasurer of the Arizona Independent School association.

Other members of the faculty are:

Lionel F. Brady, Cambridge, A.B. and M.A., one of the foremost geologists and archaeologists in the nation; Martin E. Bredberg, A.B., M.A., USC, teacher of languages that include Spanish, French and Russian, who was for many years a teacher in the Los Angeles public school system.

Curry M. Love, A.B., Arizona State college, who will teach mathematics; Joseph B. Hoban, B.A., A.B., University of Arizona, English and biology instructor; Robert C. Meek, A.B., University of Florida, former captain in the U.S. Army and a former faculty member at Judson school, Arizona. Mr. and Mrs. Harry Tomlinson will be in charge of the musical department.

**EXTENSIVE ADDITIONS** and alterations have been made on the school grounds during the summer. These include a large swimming pool, a main building with a large living room, a

### Christianson Again Put on Fair Board

Supervisors Monday reappointed G. L. Christianson of Indio to the county fair board. The board consists of four citizens and the five supervisors.

Its duty is to advise R. M. C. Fullenwider, fair manager, and the supervisors on policies and management of the annual fair at Indio.

**Dodge Long Life Records**  
give you proof of Extra Value!

When you invest your money in a new car, you have a right to expect some proof that the value you buy is built in to stay!

You get that proof in a Dodge. Registration records prove that by a substantial margin, Dodge automobiles have longer life than the average car. The great road life record established by millions of Dodge cars over billions of driving miles is your sure guide to extra value, lasting pleasure.

You'll find proof, too, in such engineering features as the extra-rugged double-channel frame and staunch Safety-Steel body, cushioned against road shock. You'll find it in the solid sound of the doors when you swing them closed, and the sure response of big Safeguard hydraulic brakes to a touch of the pedal.

We'd like you to come in and discover for yourself how much more a Dodge offers in the solid, substantial qualities you're after. It's the best investment you could make.

# Indians Open Grid Season at Placentia

\*First game for the 1952 Palm Springs Indian gridders with Valencia high school at Placentia looks like a toss-up, according to Coach Clare Ballagh. Game time is 3 p.m.

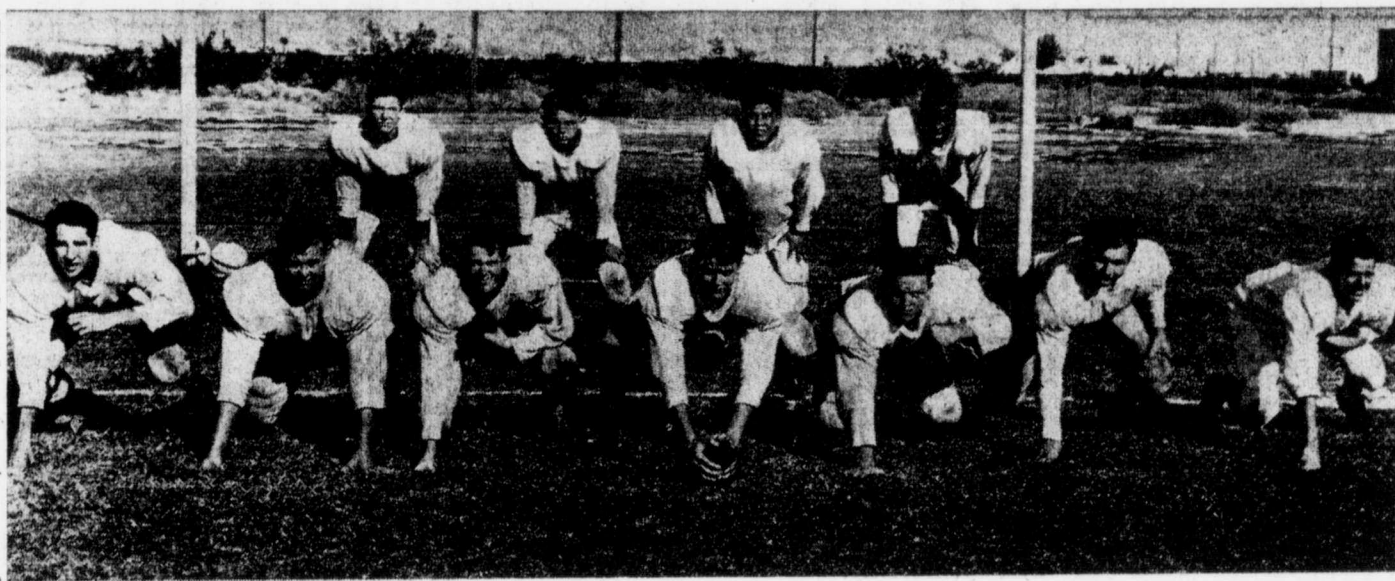

Either team could win, Ballagh said. Valencia lost in its opener last week, 21 to 6 to a strong Chino eleven. This is the initial test for the Indians.

**BALLAGH HAS SELECTED** his starting offensive lineup, and plans at least four substitutions when the Indians are on the defensive.

Offensive backs are Rudy Martinez, fullback; John Laster, left half; Daryl Egbert, right half; and Larry Purnel, quarterback. Linemen are Bob Haveman, center; Tom Martin, left guard; Charley Driskell, left tackle; Eddie Knupp, left end; Charley Baker, right guard; Sam Hall, right tackle; Todd Alles, right end.

**DEFENSIVE PLAYERS** to see action are Bob Minor, left end; David Dellinger, line backer; Tony Summers, left guard; and Lester Busby, safety.

Ballagh plans to use the single wing attack again this year. First home game for the Indians will be the following Friday night, October 3, with Brea-Olinda as the opponent. The local squad will open its conference season October 10 with Coachella playing here.

(Desert Sun Photo)

**READY FOR ACTION**—Starting the game Friday afternoon for Coach Clare Ballagh's Indians will be (l. to r.) Todd Alles, right end; Charles Driskell, right tackle; Charley Baker, right guard; Bob Haveman, center; Tom Martin, left guard; Sam Hall, left

tackle, and Eddie Knupp, left end. In the backfield will be Daryl Egbert at right half, Larry Purnel at quarterback, Rudy Martinez at fullback, and John Laster at left half. The season's first game will start at 3 p. m. at Placentia, with Valencia high gridders as the opponent.

## Manager Sheely of Seattle Club Dies Suddenly

When Seattle's Rainiers come to town next Spring for their fourth year of pre-season training, one familiar figure will not be with the club.

Earl Sheely, general manager of the club, who has been with

them here for the last three years, succumbed to a heart attack last week in Seattle.

Sheely, 60, had suffered a heart attack earlier this year but was apparently on the road to recovery when stricken.

He was a veteran ball player, both with six Coast league teams and with the Chicago White Sox of the American League.

His reputation as an executive of the Seattle club was one of the best in the Coast circuit.

## Rainiers Finish in Third Place

Seattle Rainiers, touted to win the Coast League pennant when they left Palm Springs after doing their Spring training here, wound up in third place, 13 games off the pace. In their last weekend of play they defeated Hollywood, this year's champions, three times.

Seattle will return here next Spring for the fourth time. It will mark the first year of a new three-year contract with the city for use of the Polo Grounds.

City Manager Russell Rink saw R. C. "Torchy" Torrance while in Seattle recently and said that Torrance plans to come to the Village in October or November to look over the situation in preparation for next Spring.

## McCabe Reports Dachshunds Gone

Hilton McCabe, 1850 Crestview drive, reported to police Wednesday morning the loss of his two dachshunds, one brown and one black.

## New Record Set by Deer Hunters on Opening Day

More than 300 deer were taken out of the San Jacinto mountain region the first weekend of the season, it was reported at Idyllwild Monday. About 2500 registered hunters were in the area, wardens reported.

The total was more than four times the usual amount for this time of the year and more than the total for the entire season for the past few years.

**THE UNUSUALLY LARGE** number of deer taken the first weekend was attributed to the opening of forest formerly game refuges and to the fact that heavy rains had permitted the opening of closed areas in time for the start of the deer season.

However, because of only scattered showers over the weekend, U.S. Forest Service officials again closed the dangerous areas to hunters Monday. They will remain closed until the next heavy rains.

Forest service and county fish and game commission officials said they believed the heaviest hunting is past due to the big weekend bag.

**DESPITE THE LARGE** swarm of hunters, officials said the weekend in the mountains was an orderly one and that no depredations to ranches were reported. Ranchers in the area had threatened to lock gates to their property barring hunters from crossing to good hunting grounds.

They were persuaded to open them, however, on promise of wardens that strict patrols would be maintained to keep hunters in line. Extra wardens were on duty during the weekend.

## Three Residents of Desert to Aid County's Growth

Earl Coffman of the Desert Inn, O. A. Torgerson of Desert Bank and Herb Ecclestone, Desert Hot Springs civic leader, have been named on the Advisory Committee on Riverside County Development.

They, with 37 other members of the committee, will put into effect results of a survey of the county's economic potentialities, just completed by Stuart Walsh of Survey Associates of San Francisco.

The survey, outlined in a 100-page booklet, was recently submitted to County Board of Trade which, in turn, handed it to the Advisory committee to implement.

The committee proposes to work for "orderliness and prosperity in the inevitable growth that is coming to Riverside county," they agreed.

Regarding a subject of vital interest to Palm Springs and the desert area—visitors—the survey concluded that:

"The visitor business, one of the county's four basic resources, is undergoing extensive changes, with new markets and competition affecting its growth. Closer team work by all concerned with this important field can greatly aid its development."

## Car Clouter Gets Valuable Loot in Burglary

Burglary of a coat and eight pair of eye glasses from the parked car of Paul Edwin Crowley, 445 Via Alta Mira, was reported to police by Crowley at 2:25 a.m., Monday.

Entry was made by the burglars opening the wind wings and lowering the windows by pressing the electrically operated push buttons.

Time of the burglary was between 10:40 p.m., Sunday, and 2:20 a.m., Monday, while the 1952 model car was parked at 262 North Palm Canyon drive.

## Villager Wins Prize at Pomona Fair

Among blue ribbon winners at Los Angeles County Fair, where more than 43,000 competitive exhibits are being displayed through Sept. 28, was Dorothy Southern, 1190 Caballeros avenue, decorated china cigarette box decorated china vase for lamp base; china figurine.

## Flowery

But She Wants That Suit Back

Obviously the bathing suit some one picked up on South Palm Canyon drive the other day belongs to a fair young lady.

The positive assertion made above is because the bathing suit has a flowered design and no male would be caught wearing it even on a moonless night.

Nevertheless, Joan Ewing, 16, daughter of F. G. Ewing, who spent tireless hours shopping for just that bathing suit would like very much to have it returned. She is offering a reward for the return of the swimming attire. Finder please telephone 5455. No questions will be asked.

## It's Still John Wood at Dill Company

There's only one person occupying the managerial chair at the Dill Lumber company here and that's not John Ward.

An error in a display ad placed by the company had John Ward as the manager when as every Villager knows John Wood has been for many years the man with the guiding hand at the institution. He received numerous calls from friends, following appearance of the ad, all of them with a humorous twist, proving that a newspaper cannot, especially the Desert Sun, make even the slightest mistake.

## Summer Ends on Cooler Note Than Start of August

Summer went out like a lamb last Monday with a 99 maximum and 68 minimum.

Autumn came in a little hotter. It was 102 on the first day of Fall with the minimum an even 70.

But Summer had its final fling last week when showers dumped 1.63 inches of rain on the Village in a storm that hung on for three days after building up for more than a week.

Little damage was reported although telephone users on 600 lines were out of communication for awhile as result of a lightning strike and power was off downtown for several minutes and in outlying sectors for a longer period.

Water, as usual, roared over Highway 111 at Araby Point but traffic was not impeded as in previous storms.

Rainfall for the storm was registered at 1.63, for the season as 1.68 and for last year, on the corresponding date, .96 of an inch.

PALM SPRINGS

# CHIEF KETTMANN REPORTS INCREASE IN CRIME IN VILLAGE DURING YEAR

Twenty-four percent increase in crime occurred in Palm Springs during the fiscal year ending June 30, but the department offset this with a 62 percent gain in felony arrests, Police Chief August Kettmann revealed today in his annual report to City Manager Russell Rink and City Council.

The 24 percent increase is above the national average of 5 percent, Chief Kettmann said, and is in direct contrast to the 25.2 percent decrease experienced here in 1951.

**FELONY COMPLAINTS** jumped from 89 to 128, up 31 percent; burglaries jumped from 34 to 50, up 47 percent, and grand theft of property increased from 11 to 27, up 145 percent. Only one category, the chief continued, showed a decrease. Forgery and fictitious check complaints dropped from 31 to 29, a decrease of six percent, though arrests on check cases climbed from 21 to 24, a gain of 14 percent. This indicates effective investigation, Kettmann said.

"More than matching the crime increase the department made a 62 percent gain in felony arrests which leaped from 53 to 88," he reported. "This was likewise reflected in the cost of feeding prisoners which jumped from \$615 to \$1050, a 70

percent increase."

**CHIEF KETTMANN** reported an excellent arrest record in nearly all categories including grand theft auto which jumped from four to 22 (mostly for other jurisdictions); molestation of children which totaled four, all of whom were cleared, and grand theft of property which was up from three to 11.

"In only one category—burglary—has the department lost ground from an arrest and clearance standpoint," the chief said. "Arrest for illegal entry dropped from nine to five, a decline of 44 percent. This is partially accounted for by the fact that theft from a locked automobile is now classified as burglary and our lack of garage facilities and our unlighted streets present an unusual invitation to persons bent on larceny."

**MONEY AND PROPERTY** reported lost or stolen during the year totaled \$107,987, with \$58,334 recovered and restored to its legitimate owner. Approximately \$5500 of this was gained through restitution made on check cases.

"Experience has also shown that a majority of our burglaries are committed by persons from other places on a 'hit-and-run' basis which makes their apprehension doubly difficult," Kettmann explained. "The cooperation of other law enforcement

agencies and prompt investigation of reported losses is the only solution to this unusual situation."

**ARRESTS** for simple drunk rose 37 percent from 173 to 238; driving while intoxicated 50 percent from 16 to 24; gambling 57 percent from seven to 11 (which is a coincidence and not humor, Chief Kettmann commented); vagrancy 84 percent from 13 to 24; and battery 86 percent from seven to 13.

A total of 40 juveniles were arrested against 32 a year before, a rise of 25 percent, the report showed. "It is also true that the department spent more time in an effort to prevent juvenile delinquency in the community which now counts over 1500 youngsters in the school system," the police chief added.

Number of traffic accidents investigated were almost exactly the same as last year, a gain of only one from 122 to 123. One fatality, that of a four-year-old girl who slipped into the street in front of an oncoming car, marred the record.

**INJURY ACCIDENTS** were up one from 42 to 43, while the number of property damage mishaps remained exactly the same at 90. During the 12 months citations dropped from 2006 to 1438, a decline of 568 largely due to the removal of meters during the widening of Indian avenue, the chief explained.

A decreasing number of parking meters were in operation during the past year as work progressed on the widening of Indian avenue, and at the same time difficulty in meter maintenance was practically eliminated in December when the Duncan Meter Company installed a modified mechanism, he explained.

**NARCOTICS** came in for increased attention, the greater part of one man's time being devoted to its suppression, Chief Kettmann pointed out. The record shows that nine arrests were made involving 14 persons, more than that made elsewhere in the entire county of Riverside including the city of Riverside. Convictions were obtained in all cases.

"This does not indicate there is more narcotic traffic in Palm Springs, but rather that we have done more about it in the way of detection and apprehension," he explained. "The State Bureau of Narcotics has given us substantial assistance with this problem."

**COGNIZANCE** of the rise in narcotic traffic is being taken on the state and national levels, although it is agreed that the problem is more acute in the areas adjacent to the Mexican border, he added.

The department operated the same number of motor vehicles during the year—four sedans and two motorcycles, including the chief's car—which traveled a total of 144,754 miles.

Conversion of the department radio system to frequency modulation was accomplished during the early part of this year with the Fire Department also being radio equipped and is now in constant communication through the Police Department's control center.

**TRAINING** gains were made through the cooperation of the Federal Bureau of Investigation and the California Peace Officers Training Program, Chief Kettmann said. The latter program conducted an intensive teacher-training school which qualified nine of the department's senior officers to instruct with the approval of the State Department of Education.

These men have since been utilized to teach other members of the department, the Police Reserve and the Mounted Police, the chief explained, adding that a marked improvement in the performance of the department followed the training periods.

**CHIEF KETTMANN** said that the Police Reserve, organized in 1949, enjoyed its most successful year contributing 3872 man hours of voluntary service—equal to 484 man days—supple-

menting the regular department. This group of private citizens, 35 strong, now has an average in excess of 40 hours of training per man, he pointed out.

The reserve provides additional patrol during the night hours, assists with traffic, parades and special events—a source of manpower that is most valuable to the community and which could not be afforded except on a voluntary basis, the chief continued. Capt. Rudy Salazar is the officer in charge.

**ON MARCH 25**, the city recognized this extraordinary service at the Palm Springs Tennis Club, when the members of the Reserve, the Mounted Police and off-duty officers of the regular Police were guests of honor. J. F. Santolana, special agent in charge of the FBI at San Diego, was guest speaker.

The Mounted Police continued its stand by role during the year accomplishing three rescues, one of which resulted in the safe finding of a four-year-old boy lost overnight in lower Palm Canyon. Capt. Cliff Campbell is the officer in charge.

## Safety First

Subversives Add to Police Job

By A. G. KETTMANN  
Chief of Police

The writer is here this week attending a most interesting conference—the 59th annual gathering of the International Association of the Chiefs of Police.

Law enforcement officials are present from the Philippines, Hawaii, Canada, South America, England, France, Germany, Japan and India—to list a few. It is a most impressive assemblage.

And as one listens—sometimes with the help of interpreters—it becomes apparent that these representatives from all over the world are gradually coming face-to-face with a new dilemma—Communism.

**UNTIL RECENTLY**, law enforcement was concerned mainly with the larcenist, rapist, arsonist, murderer and drug dispenser. After listening to these authorities it becomes obvious that treason and sedition may soon be added to the old list. The Communist is a very devious criminal—he believes the end justifies the means—and he employs any artifice that will accomplish his objective.

Disorder, dissatisfaction and unrest are fertile ground in which to plant the seed of revolution and change. Law enforcement representatives constituted authority and anything that will tend to discredit it serves the end of the Communist.

In large cities all over the world where corruption and dishonesty appear in public administration, Communists and fellow travelers are pouring fuel on the fire with the charge that these weaknesses are inherent in our form of government and can not be eliminated except by changing the system. Large police departments are beset with legal actions charging brutality, legal abuses and racial discrimination in order to discredit the first line of defense in the public mind.

**OBVIOUSLY**, these abuses must be prevented and eliminated if the integrity of law enforcement is to be maintained. To accomplish this, the highest type of candidate must be attracted to the most important vocation and through training and education, molded into an efficient representative of the law.

The F.B.I. is charged with internal security at the present time but this outstanding organization cannot do the job alone. Evidence of political delinquency that is a threat to our way of life, must be recognized by the police officer and reported in an intelligent fashion.

All of which adds up to the fact that a good enforcement officer in this confused age must more than ever be all things to all people.

Everyone in the Palm Springs area reads The Sun.

## The PUBLISHER'S Corner

by OLIVER B. JAYNES

(Concluded from page 1)

and liabilities? How many public officials anywhere could afford to do so? How many businessmen would want to do so?

Would you?

In his recent speech in Milwaukee, President Truman pointed to the accomplishments of Adlai Stevenson as governor of Illinois. It was noted by the Chicago Tribune however, that President Truman confined himself almost wholly to "his boy's" legislative record during the last four years. "That was not the record of the Governor," the Tribune editorial observes, "but of the Legislature—of which one house was Republican in the 1949 session and both Republican in 1951. Every legislative measure (for which Truman gave credit to Stevenson) was passed by a Republican house with either Republican or bipartisan sponsorship."

After taking up Harry Truman's claims one by one and pointing out the inaccuracy of each, the Tribune editorial concludes:

Gov. Stevenson isn't running for Congress. He is running for the biggest executive job in the world. Mr. Truman didn't mention his executive accomplishments, and for good reason. They reek with scandal.

In the horse meat scandal the Governor received repeated warnings before he took action. He referred these warnings to a party official from his own county, who was his inspector of foods and dairy products, and that was the end of them. Eventually this official was indicted on the charge of taking bribes from the horse meat racketeers.

The cigarette tax scandal followed the same pattern. Many months before he took any action Chicago police warned the Governor that cigarettes were bearing counterfeit stamps. When arrests were made, the Governor's representative, Ben Heineman, estimated the tax loss at \$10,000,000.

Tax collections have increased since at the rate of only \$2,000,000 a year. Heineman has prosecuted several cases but has obtained only one conviction.

In his campaign in 1948 Candidate Stevenson assailed his opponent, Gov. Green, bitterly for the Centralia mine disaster the previous year. He charged that State mine inspectors were soliciting campaign contributions and implied that the Green administration was taking bribes to sacrifice miners' lives.

Gov. Stevenson had an even worse mine disaster at West Frankfort. His Director of Mines confessed that faulty inspection was responsible. Later the mine inspector who had certified that mine as safe testified at a Civil Service hearing that he had been forced to make campaign contributions.

This is the candidate who admits that there is a mess in Washington. There is nothing in his record in Illinois to indicate that he can clean it up. His own payroll rolls made a chump of his jealous colleague, Sen. Douglas, who conceded recently that Adlai is "dollar honest."

## You're invited ... To TAMARISK'S Open House Tournament!

To All Golfers of Palm Springs and Surrounding Towns...

DEAR FRIENDS:

We are holding an Open House Tournament at the Tamarisk Club on Saturday and Sunday, October 4th and 5th in which all friends of golfing in Palm Springs, Indio, Banning and surrounding towns in the Desert Area are cordially invited to enter.

Golfers entering the Tournament will be the guests of the Club for the two-day event; there will be no entry fees or greens fees. Trophies will be awarded to the winners in the various classes of play.

A buffet will be served to participating golfers and members of their families on Sunday evening with the compliments of the Club.

Sunday evening ground-breaking ceremonies for the new Clubhouse will be attended by many of our Club members who are prominent in radio, motion pictures and TV. Interested residents of the Desert Area are invited to attend.

**TAMARISK COUNTRY CLUB**

PLEASE LET US KNOW . . .

Drop us a post card right away and let us know that you plan to enter the Tournament, and reservation will be made in your name. Address: Tamarisk Country Club, P. O. Box 1118, Palm Springs, or, 173 E. Andreas Road.

## Canyons Put in Shape for New Season

Crews Busy All Summer at Big Improvement Job

When the popular recreation areas—Palm Canyon and Andreas Canyon—are thrown open to the public a week from tomorrow, visitors and Villagers will find many improvements as result of action taken by the Agua Caliente Tribal Council.

Extensive development was done this summer for the first time in several years. The work had been deferred in previous years because of reports that the federal government was considering taking over the areas for national park use.

IN ANDREAS canyon, crews have cleared away brush from the creek, constructed new tables and benches, installed signs and rebuilt trails and roads.

Work is progressing on a "swimming hole" in the canyon. Lawrence Odle, Indian agent, said last week.

Plans for a dustless parking area in Andreas canyon have also been completed.

Following completion of the work in Andreas Canyon, the crews moved over to Palm Canyon where similar work on an even greater scale is being completed. Opening of the season is set for October 3.

ROADS LEADING to the areas will be black-topped where necessary and others graded.

Water is still running in Palm Canyon and the foliage is greener than it has been in years.

Odle said the canyons will be open on a seven-day-a-week schedule from 9 a. m. to 6 p. m. Admission prices to the canyons will be 50 cents for adults and 25 cents for children over six years of age.

(Desert Sun Photo)

**PICNIC SPOT**—Above is one of the inviting picnic spots in Andreas Canyon which local Indians have improved for the season which opens October 3. Palm Canyon will be thrown open the same day.

## Jules DeVorzon Back on the Job

Jules DeVorzon, realtor, is back in the village again after a summer spent at Lake Tahoe. He is associated with Terry Ray.

## District Scout Council Maps Plans for Season's Activities

Plans for the season were mapped by Palm Springs District

committee, Boy Scouts of America, last week at a meeting of the group at Frances S. Stevens school. Thirty committee-men were present. Chairman Russell Denney presided. Robert Toronto, area Scout field executive, was also present. Dates for Courts of Honor were set as November 6, February 5 and May 7.

A new Scout troop is being organized under sponsorship of Palm Springs Kiwanis club, it was announced. Among plans discussed were those for getting out the vote November 4. Village Scouts, along with others in the county and state, will help remind citizens to go to the polls that day. They will affix doorknob reminders to all homes in the city. These reminders, in the shape of Liberty Bells, urge all to vote. The reminders have been received by the local district and will be put into place on the Saturday before election.

## Burglar Gets \$61 in Raid on Home

Police were seeking a burglar who invaded the home of John L. Laum, 1842 Mesa drive, last week and got away with \$61 in cash. Three billfolds he found in the house were emptied by the intruder and thrown away just outside of the home. The burglar entered by a rear door and left the same way after taking the billfolds from bedrooms.

## Village Address Given by Slayer Believed Faked

Chief of Police A. G. Kettmann said this week that he is confident that a man, sought for the murder of a woman in Los Angeles last week, gave a fictitious name and address when he registered as Buddy Deede of Palm Springs.

The search here for Deede started when Los Angeles police informed local police that a man and woman, registered as Mr. and Mrs. Buddy Deede of Palm Springs, at a hotel in that city and that the next morning the woman was found strangled to death.

**THE WOMAN** was later identified as Irene Black, 37.

Clerk at the hotel said the man started to write an address but after putting down 2678, he scratched it out and just wrote, "Palm Springs, Calif."

Chief Kettmann said a thorough investigation has convinced him that both the name and address were fictitious.

"No such street number exists here," he said. A search of motels and hotels revealed no clues.

**CHIEF KETTMANN** said that the investigation continued for several days with no results.

Mrs. Black, identified through finger prints, had a record of 20 arrests in southland cities on morals charges, Los Angeles police said.

Her slayer was described as in his early 30's, 5 feet, six inches tall and weighing about 160 pounds.

## Gunman

Bob Maxwell Has Exciting Time

Assembly candidate Lee Backstrand and Bob Maxwell, publicist and former Villager, had an exciting time Tuesday. Discussing campaign plans in Backstrand's office in the heart of Riverside, they were suddenly interrupted by a stranger who rushed in and threatened to shoot them because, he said, they were the killers of a friend of his.

He pretended to point a gun at them from under his sport shirt. When police arrived they found no gun but booked the man as drunk.

## Building Code Under Study to Eliminate Flaws

Riverside county's new building code for unincorporated areas, which goes into effect a week from yesterday, is being revised steadily for defects.

Local schools from the first grade through high school and then attended University of Redlands where he was prominent in athletics. He was tennis champion of Palm Springs two years and also shone at U. of R. in tennis and other sports.

Lt. Williams enlisted on September 21 last year in Los Angeles and his home base is Fort Ord.

County Supervisor B. C. Barnes said last week.

The measure affects thickly settled parts of unincorporated areas taking in territory two miles in all directions from Palm Springs and Desert Hot Springs, Cathedral City and the rapidly growing area between the Village and Palm Desert.

Barnes said that the code is probably far from perfect and that flaws may be found when

enforcement begins October 1.

Amendments will be adopted to remedy defects as fast as they come to light, he said.

Barnes explained that the code is much misunderstood. It will not raise the cost of building and it will not bar people from building their own structures.

It will, however, set up standards which must be met, he said.

# Examination for P. O. Substitute is Announced

R. M. Gorham, postmaster, announced this week that an examination will be conducted by the U.S. civil service commission for appointment to the position of substitute clerk and carrier at the Palm Springs post office. Applications must be filed with the regional director, Twelfth U.S. civil service region, not later than the close of business October 15, 1952.

Information and application forms may be obtained from Mrs. Ethel P. Haywood at the post office or by writing the regional director, at Room 128, Appraisers building, 630 Sansome street, San Francisco 11.

Basic pay for substitutes is \$1.615 per hour.

Applicants must actually reside within the delivery zone of the Palm Springs post office or be bona fide patrons of the local office.

No experience is required and applicants must qualify by written tests.

## Child Molesting Cases Reported

Two cases of possible "molesting of children" were reported to police within the past week.

Two girls, 10 and 12 years of age, reported that a "man had looked in their bedroom window about 12:35 a.m., Saturday," and a mother told officers that a man had followed her daughter, age 8, and another girl, age 9, for several blocks.

## The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

With government controls being woven faster than web at a spiders' convention it's no wonder people lash out and rebel against rules that fetter their freedom in a free country. Often the tempestuous blast condemns all laws as being unnecessary, but civilization is built upon rules and laws.

One law that is frequently maligned without justification is the building code. A common conception of this set of rules is that it stops you from doing something you'd like to do. Actually there are two sets of rules that stop you—if you approach this subject from a negative angle. The first set is the State Housing Act which applies to all cities in California. The second set which may vary from city to city but tends to become more alike as more cities adopt what is known as the Uniform Building Code published by the Pacific Coast Building Officials Conference.

**THE STATE HOUSING ACT** governs the basic elements of sanitation and establishes minimum requirements for such things as size of rooms and windows, ceiling heights, and yard areas. The general intent is to require all buildings used for habitation to have proper light, air, and sanitary facilities. You no doubt agree this is a reasonable requirement and perhaps think it silly to have to set a minimum for ceiling heights. "Surely no one would build a house with ceilings so low a tall man couldn't stand up?" Talk to any building inspector and you'll be amazed and amused at what some people try to do.

The building code sets forth minimum standards for foundations, walls, roofs, floors, electric wiring and plumbing. These last two items are generally covered by separate codes but can be included in

a general discussion. The code is principally concerned with the protection of life and property. You will note that we use the word "minimum" frequently. The codes are a minimum set of specifications—you may go as far beyond as you please but if you drop below the minimum someone is apt to get hurt.

**IF YOU MUST CHOOSE** up sides you could say that the building code is on the side of the owner of a building. An owner seldom builds a house or a commercial structure with his own hands. They are erected by contractors. The code protects the owner against those who would be unscrupulous and cut corners. The man or institution that finances the construction of a building has a definite interest in its structural soundness. The F.H.A. for example requires higher standards of construction than that demanded by the building code.

On occasion a person who does build his house with his own hands will say that only he is going to live in it so only he will get hurt if it falls down. That may sound like a logical argument but the catch is there is no law to stop a man from selling that house after it's built.

Once you come to the realization that the building code is not an onerous document that stops you, but a sensible set of rules that helps you, then you will look upon the building inspector as a helpful friend instead of a "d---" so and so.

## Bank Sues Mrs. Pope Over Refusal to Accept Big Check

Bank of California, San Francisco, had on file today a suit against Mrs. Grace Shields Pope, wealthy winter resident of Palm Springs, to force her to sign a statement dropping her claims against the estate of her late, divorced husband and to accept a check amounting to \$115,786.01.

The check, which Mrs. Pope spurns, is in the amount the bank said she agreed to accept to settle all claims.

**MRS. POPE SAYS** this is not so and that she never entered into an oral agreement with the bank, executors of Pope's estate, to settle for that amount. In 1948 Mrs. Pope divorced Kenneth William Pope, member of a San Francisco shipping firm. At that time, she said, she was awarded \$2000 a month alimony, \$50,000 cash and another \$50,000 within five years. Pope subsequently remarried. When he died, Mrs. Pope said, the alimony payments stopped. She

filed a claim against his estate for \$684,360. The estate had been willed to Pope's second wife.

The sum asked, Mrs. Pope's complaint said, includes the \$100,000 awarded her by the court when she was granted a divorce decree, plus interest and other money she says is due her.

**THE BANK CLAIMS** she agreed to accept the \$115,786.01 settlement and relinquish all claims to the estate, estimated to be more than one million. Mrs. Pope denies it.

Last week at Beverly Hills hotel, where she is staying, she was served with papers in the suit by a man she believed was a waiter she had admitted to her room to remove breakfast dishes.

James Macinnis and Theodore Roche, San Francisco attorneys who represented Mrs. Pope, were named co-defendants in the bank's suit to compel her to sign.

## Third Big Generator Started at Calelectric Highgrove Plant

Brief ground-breaking ceremonies last week marked the start of construction on a 40,000 kilowatt generating unit at California Electric Power Company's new Highgrove Steam Electric Generating Plant.

Calelectric officials and officials of the Fluor Corporation of Los Angeles, general contractor and consulting engineer for the project, gathered at the site of the new unit to kick off the giant construction job.

The plant's two 30,000 kilowatt units, now in 24-hour-a-day operation, were a background setting for the ceremony. Only last week an estimated 1700 persons from Palm Springs and other communities and installations served by Calelectric toured the plant to view the first two units in operation.

The construction project which started today is scheduled for completion in the fall of 1953 and will boost the plant's rated output to 100,000 kilowatts.

A fourth 40,000 kilowatt generating unit is already on the

drawing boards and when all four units are completed, Calelectric's total investment in the Highgrove plant will approximate \$20,000,000. Rated output will then be 140,000 kilowatts to meet the growing power demands of the company's consumers in California, Nevada and Lower California.

## Caletric Plans New Substation at Cathedral City

Construction is expected to start soon on enlargement and expansion of California Electric Power company's substation at Cathedral City.

Approval was given the company's application by the county planning commission last week. The station will be on the same tract as the present station at Chuperosa and B Streets, Cathedral City. The present station, built in 1937, will be dismantled when the new station is completed.

Growing demands for electric power in the desert area made the new station necessary, Francis F. Crocker, manager for the local Calelectric district said.

## Weinbergers Return

Mr. and Mrs. Harry Weinberger have returned for their 18th season in the Village. They are in their new home at 416 Hermosa place. They spent the Summer at the Beverly Hills hotel.

## County Wants Gov't to Pay

If the federal government wants more county land for forestry purposes, they will have to pay a sum equivalent to taxes lost by the county due to the land being withdrawn from private holdings and the county tax rolls.

**10—The Desert Sun**  
PALM SPRINGS, CALIFORNIA  
Thursday, September 25, 1952

Supervisors this week agreed not to approve additions to the national forest in the county until such sums are promised. Under a new law passed by Congress, the government must obtain approval of counties before adding to forest territory.

## Cathedral City News

By Paul and Mildred Clark—Phone 8-4691

### P. O. Enlargement

The long awaited enlargement of Cathedral City's post office was a step nearer with the arrival of contracts with completed specifications and proposals. Postmaster Jack Hillery announced yesterday. Actual start of operations is subject to acceptance by successful bidder Claude S. Cobb, as there have been several changes in original proposals made by the postoffice department. Cobb is at present on an eastern trip and Hillery said that there is no certainty that the revised contract will be acceptable. Proposals call for enlargement of the present building by erecting an addition on Glenn avenue, adjoining the present building on the south. Floor area will be increased by two thirds. New parcel post racks will be added and the number of lock boxes approximately doubled. This is of particular interest, said Mr. Hillery, as for the past several years the demand during three-fourths of the year has always exceeded the supply. Much of the "new" equipment will be from the old Indian post office. However, a complete redecorating job is promised. Completion is called for within four months and it is hoped that the new quarters will be available in time for the Christmas rush. Mrs. Mabel Taylor is back on the post office force and Charles Linn, who was on the job all summer will return next week from hospitalization for minor surgery. Postmaster Jack Hillery leaves next week to attend a postmasters' convention in Boston during which time he will use the final time of his annual leave period which he has taken piecemeal this season.

### Sanitary Board Elects

The board of the Cathedral Sanitation District met last week to certify the results of the election and to welcome the newly-elected member, Edward Biles. The new board immediately reappointed Mrs. Lola Sherrill as secretary and unanimously elected Claude Cobb as president.

### Club Buys Picture

A special committee of the Cathedral City Woman's club, appointed by Margaret Davidson, art chairman, met last week with Agnes Pelton in the latter's Cathedral City studio. The president Mrs. Wilbur Larison, Mrs. Leslie Kelley and Mrs. Paul Clark selected a large oil painting of a Smoke Tree in bloom to be purchased by the club. Miss Pelton, nationally famous for her abstractions and desert trees, considers the painting selected one of her best desert scenes. The picture will be hung in the Town Hall where the club holds meetings the first and third Wednesdays of each month from November through April.

### Auxiliary Meets

Ladies Auxiliary of the Cathedral City Community church will meet Friday afternoon at the home of Miss Lydia Engh. Church services which have been on summer schedule will resume regular hours next Sunday with Sunday School at 9:45 and services at 11 a.m.

### Along Broadway

A new business development this season is the opening of a Building Specialties line by Harris Johnson, in the new Vert champ building on Broadway.

### PLUMBING SERVICE

NEED A PLUMBER?

Call  
Hurry!

2768

HENRY A.  
SIMSARIAN

850 N. Palm Canyon Drive

Mr. Johnson is well known in Cathedral City, Rancho Mirage and Palm Desert where he has operated a drafting service for some time. He is displaying many ultra-modern ideas and materials in his new establishment. Paul Watkins has taken over the meat department in Al's Market. Mr. Watkins has for several years been connected with Ralph's Markets. He expects to move his family here in the near future from North Hollywood. Jack and Marian Cunningham have taken over the soda fountain and lunch counter at the Cathedral Grocery. The Cunningham's are not new to the desert having lived in our neighboring Palm Desert for some time. Mr. and Mrs. Christopher C. Brinson formerly of Compton are new faces at Johnnie Cousin's store. The Cousins, Johnnie and Alice are also back on the job after a summer divided between Crestline and Carlsbad. Mrs. Eva Kelly with her mother Mrs. Wilson and daughter Mrs. Allan Price returned from their summer at the beach and re-opened their Desert Cafe Wednesday. Mrs. Johnson and Helen Hill returned from their idyllic trip to the month opening. The Carlton Burnhams have re-opened their Health Food Store with new equipment installed for the serving of fresh juices. Cathedral City School crossing guard Charles Rhiel is back on the job at the intersection of Van Fleet and Broadway. He says his business has increased greatly also.

### Here and There

The C. H. Mitchells have returned after a lengthy trip up the west coast, including a visit with their son Robert and family in Seattle. Mitchell who has flown his own plane for many years, rented a plane in Grant's Pass and covered much of the surrounding area by air. Mitchell is Troop Leader of the Cathedral City Boy Scouts and is presently engaged in conjunction with a Lions Club committee in planning the coming season's organization.

Willard and Mary Price, he the noted traveler and author, just returned from a trip to Hawaii. This time for recreation more than as book material. They were fortunate enough to be on hand for the latest eruption of the Kilauea volcano near Hilo of which Mr. Price made some study. Mr. and Mrs. Price made trips which took in all the islands. Price's latest book, "The Amazon Amazon" received a priceless send-off by being given the lead article in last month's Reader's Digest.

The Warner Moons back from their annual trailer trek. Moon says just a short trip this summer, only 6000 miles, mostly in British Columbia. Moon is immediate past president of the Chamber of Commerce and next week will return to his regular post at the Cathedral City public library.

The Del Faros, Joe and Jane, readying their Desert Villa for what looks like a busy season. They spent the summer in Los Angeles and Hollywood.

In from Alaska, the William Wallaces—Wallace who publishes the Alaska Milepost, a high-way guide of the Northland has made his winter headquarters in Cathedral City for some years. He says he doesn't know which is enjoying the greater boom, the desert or the north. Right now he gives Alaska the edge. Mrs. Morris Ellinger of Cathedral City and Lake Arrowhead flew to Honolulu last Sunday where she was on hand to greet a cruise ship bearing a large party of members Order of the Eastern Star.

### Davidson Attends Hotel Conference

Ed Davidson, president of the Hotel and Apartment House Association, attended the Nevada-Utah area convention in Las Vegas Monday, Tuesday and Wednesday.

While there he checked on the manner in which other associations utilized their publicity and advertising funds. Davidson is manager of the Rossmore, 1450 North Indian avenue.

## Phone Directory to Open Earlier and Close Later

Bill Nash of the California Water and Telephone company which serves Palm Springs and surrounding areas, said that the new telephone directory will open October 7 and close November 7.

The change in schedules, he said, will afford those seeking listings a month in which to apply. Heretofore there have only been two weeks.

The later closing—November 7 instead of October 13—will enable new businesses to get their numbers into the directory, Nash added.

During the past week 900 letters have gone out to subscribers notifying them of number changes. The changes are necessitated by expansion of the dial system at the central office. All five-digit numbers here will be changed back to four-digit numbers.

Nash explained that with single party lines the change will make no difference. On party lines, however, the new number must be dialed.

The changed numbers will be incorporated in the new directory which will be out January 1.

### Auto Crash

Car Overturns at Araby Point

Damage estimated at \$600 was caused to the 1949 model car of J. C. Collins, 24, of the Indian Reservation, Indio, when it overturned about 63 feet southeast of the intersection of Highway 111 and Araby drive at 3:45 p.m. Saturday.

The car went into a slide on the curve at the intersection, and overturned when it struck a sand bank, officers reported. Roof and sides of the vehicle were damaged.

### Plan Rally Day at Cathedral City

Clifton H. Mitchell will lead Rally Day services for the Sunday school at Cathedral City Community church next Sunday at 9:45 a.m.

At 11 a.m., Dr. Graham Hunter will deliver the sermon for the day. Young People's groups will meet at 6 p.m.

### Butterfield Heard by CV Planners

Need for a new juvenile hall and other phases of the county's juvenile situation, were discussed by Harold Butterfield, county probation officer, last night before members of the Coachella Valley Advisory Planning Committee at Indio city hall.

Reports from committeemen and plans for the coming season were also on the program. President Clarence Washburn presided.

Keep pace with Palm Springs—read The Sun.

## CARMEL VALLEY DELIGHTFUL PLACE TO INCLUDE IN VACATION TRIP

By OLIVER B. JAYNES

One of the most delightful places we visited on a trip up the Pacific Coast this summer was Carmel Valley—and the most interesting home I have ever seen is the fabulous castle built on the Monterey peninsula by the late Templeton Crocker, a familiar figure around the Tennis Club in the early days.

It was cool and foggy at Pacific Grove where we were visiting Priscilla Chaffey and her three sons. They told us that

we would find warm sunshine in Carmel Valley, only a 15-minute drive from the peninsula. And so we did. In that short space of time we were taking off our coats and putting the top to the convertible down. What a contrast to the fog-bound coast and what a delightful place! Great, ageless white oaks, one of which will reach out to shade an entire home and its patio. On either side of the beautifully wooded valley the hills rise to 2500 feet with very few trees on their smoothly rounded tops.

THE VALLEY is ideally situated. It is far enough away from the coast to be protected against fog and yet near enough to benefit from the cooling ocean breeze. Here is a perfect summer climate and, I am told, a delightful place to live in winter as well. It is little known by most Californians, even those who visit the Monterey peninsula. Don't miss it the next time you're up that way. You will love it.

We dropped in to see Mr. and Mrs. Phil Wilson who live in the valley; he has a real estate business there and Mrs. Wilson the Carmel Valley Art Gallery. They showed us the valley and the view from the topmost hill.

With glasses we could see across another valley to a hilltop where we learned Bing Crosby is planning to build a television station.

CARMEL VALLEY has a post office, resort hotel and numerous business establishments. As Wilson pointed out, it has many advantages that have been overlooked by developers and has a big future. Its location so close to all the attractions of the Monterey, Carmel, Pacific Grove and Pebble Beach areas, make it especially desirable.

But to get back to the castle. Wilson offered to show it to us—and we were soon back into

## Slippery Road Blamed for Death

Last week's heavy rainstorm was blamed for the death of a truck driver identified as Rafael A. Valdez of Compton. Valdez' truck skidded on the rain-slickened road and turned over as it was coming down the grade in Morongo canyon at a spot formerly known as Dead Man's curve.

Coroner Ben White said the truck trailer apparently jackknifed when the brakes were applied and the heavy vehicle turned over. It took workers more than an hour to free the body of the victim from the wreckage of the cab, buried beneath the heavy truck.

### Madge Rocks at UCLA Course

Madge O. Rocks, prominent local realtor, spent the summer in Los Angeles attending UCLA and has finished 12 credits in real estate including appraising. In her spare time she represented both buyers and sellers in obtaining a new Safeway store site in San Bernardino. The price was \$170,000.

### Window Broken by Bullet, Police Told

Breakage of a window with a BB gun at the Don Hartman residence, 1151 San Lorenzo road, was reported to police Friday.

The door in the rear of the house was also found open, but no signs of illegal entry were found, officers said.

the misty veil that clings to the coastline along 17-Mile Drive. In a fabulous setting above the rocky coast and surrounded by ghostly, picturesque cypress trees, Mr. Crocker built a castle that looks like an illustration in a fairytale book. The like of it you never saw in America! Little wonder; almost every piece of it, including the two-foot-thick walls, was imported from Europe or other far-off lands. Marble pillars from some of the most famous structures of Europe, gold bathroom fixtures, doors as thick and heavy as a bank vault between every room; a bathroom that is reputed to have cost

## Insanity Plea Withdrawn by Lawrance

Still Stands by  
Story Girl Died  
as Result Accident

John Chauncey Lawrance, facing murder charges in superior court as result of the brutal slaying of his niece, Kathryn Knedle, last week withdrew his plea of not guilty by reason of insanity.

Earlier he had entered a dual plea of not guilty and not guilty by reason of insanity. In a surprise appearance before Judge John Gabbert Friday, he withdrew the latter part of the plea.

Defense Attorney William Shaw said that he was satisfied that Lawrance was sane and that "I don't see any point in taking that to a jury."

SHAW DID SAY, however, that when Lawrance goes to trial November 5, he expects to go into Lawrance's mental condition at the time of the crime.

Judge Gabbert had ordered three psychiatrists to examine the prisoner but revoked the order when Lawrance withdrew his insanity plea.

According to the district attorney's office, Lawrance has admitted being with the 16-year-old girl the night she was killed, August 19, on a lonely Cherry Valley road.

LAWRANCE MAINTAINS that the girl was killed accidentally when a jack handle slipped while he was repairing a flat tire.

Panicky, according to officials, Lawrance said he pushed the body to the side of the road and then, when he found the girl was dead, put her body in his car and drove to a lonely spot on Ramon road, east of Palm Springs, where he abandoned it.

The girl's body was found the morning of August 20. Lawrance was implicated when railroad men identified his car as that which was stuck on the rails at the Indian avenue crossing of the Southern Pacific at Garnet the night before.

Lawrance was in the car when it was found. The programs are tape recorded in the various school rooms for presentation over the air.

UNWANTED HAIR  
Permanently eradicated from any part of the body with Saca-Polo, the e. remarkable discovery of the age. Saca-Polo contains no drug or chemical and will kill the hair roots.

LOE-BEER LABORATORIES  
629 GRANVILLE ST.,  
VANCOUVER, B.C.

School Work Goes Out on the Air  
Mrs. Mary Mitchell, elementary curriculum coordinator for Palm Springs Unified School district, is in charge of programs being broadcast over KCMJ Tuesdays and Thursdays, on school activities.

The programs are tape recorded in the various school rooms for presentation over the air.

LETTERS  
To The EDITOR  
Editor, The Sun:—I want to sincerely thank you and your staff for the excellent cooperation which you gave in publicizing the opening of school. I especially appreciated your efforts in publishing the bus schedule.

School began with exceptional smoothness this year because of the comprehensive publicity provided by your newspapers.

ARTHUR G. HOFF,  
Superintendent.

Shoppers wise read the advertisements in The Sun.

AT RAMON DRUG — Hazel Winters, special representative of Dorothy Gray Salon, New York, who will be at Ramon Drug October 1 to 4 to give advice on beauty treatments.

Miss Winters is a beauty expert with many years' experience in cosmetics and beauty counselling. Miss Winters has special advice about modern treatment for puffs under the eyes and wrinkles caused by dryness. Management of Ramon Drug extended an invitation to Village women to call on her while she is here.

## Special Devotion Services Start Thursday Night

Schedule of services for the 40-Hours Devotion at Our Lady of Guadalupe church, Arenas road and El Segundo, was announced today by the Rev. Father William G. Goodrow, pastor. Services start tonight and continue through Sunday.

Rev. Father Andrew Joergel, C.S.S.R., missionary from Whittier and a member of the congregation of the Holy Redeemer church, will preach all the morning and evening sermons. He is proficient in Spanish as well as English.

The schedule follows:

Thursday—8 p.m., Opening exercises, Friday—7:15 a.m., Mass; 8 a.m., High Mass, procession and exposition; 8 p.m., Rosary, sermon, benediction. Saturday—8 a.m., High Mass for peace; 9 a.m., Mass for children; 8 p.m., Rosary, sermon, benediction. Sunday—8 a.m., High Mass for Reparation; 9 a.m., Mass for children; 10:30 a.m., Mass; 8 p.m., Solemn coloring, sermon, procession and benediction.

### CHRISTIAN SCIENCE BIBLE LESSON SAYS GOD MADE GOOD ONLY

God is omnipotent, omnipresent, omniscient and is the source of all that is real and good, and of nothing else, according to the Sunday Lesson-Sermon on "Reality" in all Christian Science churches.

The Golden Text is from I Chronicles (29:11): "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."

Matthew's Gospel (9:2-7) records that "they brought to him a man sick of the palsy, lying on a bed; and Jesus seeing their faith said unto the sick of the palsy: Son, be of good cheer; thy sins be forgiven thee."

Then "the scribes said within themselves, This man blasphemeth... Jesus knowing their thoughts said, Wherefore think ye evil in your hearts? For whether is easier, to say, Thy sins be forgiven thee; or to say, Arise, and walk? But that ye may know that the Son of man hath power on earth to forgive sins, (then saith he to the sick of the palsy), Arise, take up thy

## Historic Mission Voyage Commemorated by Church

"Re-enactment of one of the romantic episodes of Protestant missions, highlights a motion picture to be released this month commemorating the 100th anniversary of Seventh-day Adventist international Sabbath schools," the Rev. R. A. Rentfro, local pastor for the church, said. The sailing of the famed missionary ship Pitcairn, built with the pennies of thousands of children, assisted by the gifts of thousands of adults, is the high point of the fast-moving, 40-minute film. The dramatic scene is re-enacted with an assist from a commercial film which owned a schooner resembling the old Pitcairn.

FINANCING of the missionary ship in the late 1800's was inspired by the zeal of an Adventist seaman, John I. Tay. As a cabin boy he read the tale "Mutiny on the Bounty," and was intrigued with Pitcairn Island, upon which the mutineers settled. He read of John Adams, last of the mutinous crew, who finally turned to religion by reading a copy of the Bible brought ashore from the Bounty. The entire population of the island followed Adams' example and embraced Christianity.

Tay, quite a missionary himself, reached the island in 1886 after many years of effort and found that the people believed much the same as he did. For five months he taught them further until they requested that he return to America and persuade a minister to come and baptize them as Seventh-day Adventists," said Rev. Rentfro.

"His story electrified the church in America. A campaign was started in which children and adults of the Sabbath schools contributed enough to assure the success of a project to send missionaries not only to Pitcairn but also to all the Pacific," the pastor continued.

"The schooner Pitcairn, built near San Francisco was launched with gay ceremonies on July 28, 1890—one of the early foreign missions ventures of the Seventh-day Adventist denomination.

"MAKING A TOTAL of six lengthy voyages over the Pacific with an Adventist crew, the ship proved such a success that the church, and go unto thine house, And he arose, and departed to his house."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "It must be clear to you that sickness is more the reality of being than is sin." "Jesus healed sickness and sin by one and the same metaphysical process." (pp. 418, 210).

program was extended until today dozens of Adventist medical and missionary ships dot Pacific waters, reaching into otherwise inaccessible areas.

"The missions program of which this dramatic move was one of the early inspirations, has since spread to practically every country in the world—194 to be exact—with work conducted in 716 languages," said Rev. Rentfro.

"The centennial anniversary marked by the production of this film is being observed in more than 10,000 Adventist churches," Rev. Rentfro concluded. "It is the plan for the local Seventh-day Adventist church to send a special gift box to the remote and interesting island of Pitcairn."

## Youth for Christ Rally Saturday

Desert area Youth for Christ activities will be officially launched for the season at Community church at 7:30 p.m., October 4.

"These Youth for Christ rallies are held the first Saturday of each month at Community church," said Dr. James H. Blackstone Jr., pastor of the church and committee chairman.

Representatives from many desert area communities will attend the meeting and a Bible quiz will find delegates from Beaumont, Banning, Blythe, Coachella and Palm Springs high schools competing.

A color film, "Counter Attack" will be shown. It deals with youth problems and shows Youth for Christ clubs in action. "Youth for Christ" has for its aims the encouragement of all youths to embrace the Christian faith and to practice their faith through churches of their own choosing," Dr. Blackstone said.

## Resume Friday Evening Service at Temple Isaiah

First of the regular Friday evening services for the year will commence tomorrow at Temple Isaiah of the Jewish Community Center, West Alejo road, at 8:15 o'clock.

This Sabbath between the Jewish New Year and the Day of Atonement is traditionally known as Shabbat T'Shuvah, the Sabbath of Repentance.

In honor of this day a special choir will be heard at the temple. Cantor Leon G. Bennett will chant the liturgical portions of the prayers. Rabbi Arthur B. Lebowitz will read the services and will be assisted by Robert Morris. The sermon subject of Rabbi Lebowitz will be: "Youth Asks a Question."

### ST. LOUIS CHURCH ADDS NEW MASS

The Rev. Joseph Leissler, pastor of St. Louis Catholic church in Cathedral City, announced this week that beginning next Sunday, September 28, a 10 a.m. Mass will be added to the church schedule.

Father Leissler said that with the two services—at 8 a.m. and 10 a.m., new residents and visitors, will find a convenient hour to attend church.

Weekdays, Mass will be said at 8 a.m.

### Artillery Shell is Found in Yard Here

An object found Sunday near the residence of Mrs. F. C. Parker, 4287 Sunny Dunes road, was identified by police as an artillery shell and was removed to the city dump.

Mrs. Parker reported the find to officers, and requested identification of the object.

## Church and You to be Subject of Dr. Blackstone

Third in a series of sermons on Personal Christianity will be delivered Sunday at 11 a.m., at Community church by Dr. James H. Blackstone Jr., pastor. He will preach on "The Church and You."

Special music is planned under direction of Robert Bruce. Sunday school classes, which meet at 9:30 a.m., continue their competition for a record Rally Day scheduled for October 12.

Junior high Christian Endeavor and Senior high Christian Endeavor meet at 6 p.m. The former is under direction of Mr. and Mrs. Edward Greene and the latter group will discuss "A Practical Christian Endeavor" under the leadership of Dewey Wallace.

Monthly Youth Night will be observed Sunday night with a special program. High school officers will be installed, there will be special music and the film, "In His Name," will be shown.

Dr. Blackstone said a church orchestra is being organized under direction of Archie Long and all interested are invited to participate.

Midweek service will be held at 7:30 p.m. Wednesday.

### FIRST CHURCH OF CHRIST, SCIENTIST, PALM SPRINGS, CALIF.

A Branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Wednesday Meeting 8 p.m.  
Sunday School...9:30 a.m.  
(271 Ocotilla Ave.)

The Reading Room is located at 174 No. Palm Canyon Dr.

## New Course for Junior High to Start Sunday

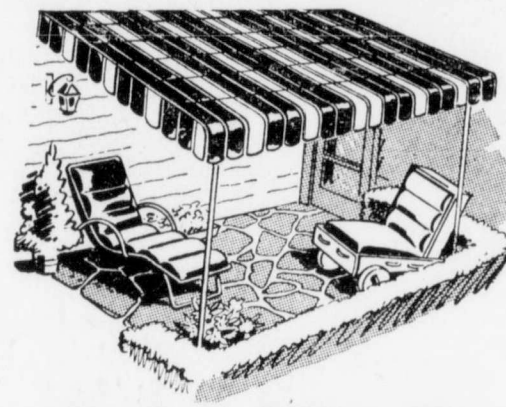

Every Sunday at 6 p.m., the Junior High Christian Endeavor society will meet at Community church under direction of Mr. and Mrs. Ted Greene. The course will be based on

proven methods and will be on a public school level with certificates given upon completion.

Miss Lee Keith, director of Christian Education for Community church, said that every Junior high child in the community is invited to enroll.

The meetings will be held in the Junior High assembly room at the church starting this Sunday.

Shoppers wise read the advertisements in The Sun.

## Carnation CORNER

### My Children SCURRY

home from school, because they know there's a tall glass of delicious Carnation Chocolate Drink waiting for them! Delights me, too—because I'd so much rather they enjoyed this chocolate treat I know is wholesome, rather than some carbonated concoction! I know your family will enjoy Carnation Chocolate Drink too! At our house, we especially enjoy it with "Mom's Applesauce Cake"—not too rich for children, yet so spicy adults praise it too. Be sure to make it with Carnation Sour Cream—that's the real secret of its fine texture, good flavor and "keepingness."

TO KEEP NUTS FROM SINKING to the bottom of cake or bread batter, shake them in a paper bag with a pinch or two of flour.

### Mom's APPLESAUCE CAKE

1/2 cup Carnation Sour Cream  
3/4 cup sugar  
1/2 cup applesauce  
1 teaspoon cinnamon  
2 cups sifted cake flour  
1 teaspoon baking powder  
1/2 teaspoon soda  
1/4 teaspoon ground cloves  
1 cup chopped raisins  
1 cup chopped nuts

Blend Carnation Sour Cream, sugar and applesauce. Mix dry ingredients with cream mixture. Mix until smooth; stir in raisins, nuts. Pour into buttered loaf pan. Bake in moderate oven (350° F.) about 1 1/4 hours.

### Candles for the King!

Cinnamon is one of our most fragrant spices...in olden days, cinnamon-scented candles were for the exclusive use of kings! Cinnamon is ancient indeed—mentioned in the Old Testament and used by the Romans as ceremonial incense. The finest cinnamon comes from Ceylon. We are familiar with powdered cinnamon in cakes and cookies. Try using "stick cinnamon"—to spice hot drinks. Place a bit of cinnamon bark and a whole clove in each cup before you pour hot tea or chocolate.

#### HINTS FOR HUSBANDS

Nails forced through a bar of soap first will hammer into hardwood more easily. To prevent marring smooth wood, hammer nails through a hole punched in a piece of corrugated paper.

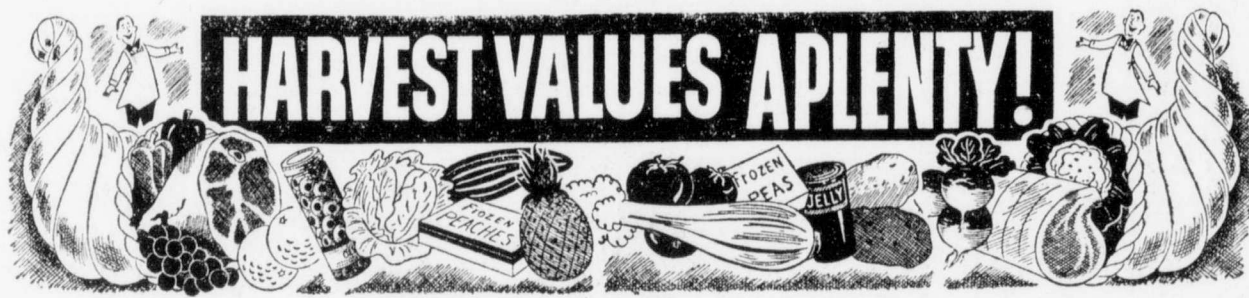

Heat Carnation Chocolate Drink with 2 or 3 chocolate mint wafers per cup—a grand TV-time treat! For extra flavor, replace liquid in your favorite packaged pudding with Carnation Chocolate Drink. For "pudding" parfait, alternate layers of chocolate and vanilla pudding in tall glasses, top with Carnation Whipped Cream.

DO let the children enjoy lots of Carnation Chocolate Drink. Like all Carnation Fresh Dairy products, it is the finest of its kind! Another wholesome treat is Carnation Ice Cream. All favorite flavors...and for a few more days, the September Treat-of-the-Month—Marbled Butter-scotch Ice Cream!

DON'T FORGET—I love to hear from you and always welcome suggestions and ideas! Write to me at address below.
